DECLARATION OF DWIGHT PECK

I, Dwight Peck, declare as follows:

1. I am employed as a Docketing Clerk at Darby & Darby, P.C. I make this declaration pursuant to 37 C.F.R. 1.53(e) to establish the filing of a complete set of informal

drawings (5 pages, Figs. 1-5) with the other papers of the above-identified application on February 12, 2001.

2. A true copies of the Notice of Incomplete Nonprovisional Application is attached as Exhibit A. The Notice of Incomplete Application states that the applicants failed to file a complete set of drawings Figs. 1-5 with the other papers of the above-identified application.

3. In accordance with our office procedure, the secretary of the attorney who prepared the papers being transmitted would have brought the above-identified papers to me. I would have reviewed the papers for completeness and, if satisfied, would have imprinted, signed, and dated the Certificate of Mailing and would have placed it in a properly addressed postage-paid envelope for mailing to the USPTO together with a return postcard bearing a complete listing of all application papers to be forwarded to the PTO including in the listing, specifically, "COPY 5 OF DRAWINGS AS FILED 2-12-01". Incomplete or unsigned papers would not be placed in the envelope, but would be returned to the attorney. At the end of the day, I would have delivered the USPTO envelope to the U.S. Post Office.

4. Attached as Exhibit B is a copy of the return postcard (front and back) which has a PTO stamped application number thereon.

5. Based upon the postcard I initialed, it may be concluded that the original complete set of informal drawings (5 pages, Figs. 1-5) was filed on February 12, 2001.

6. All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further these statements were made with the knowledge that willful and false statements and the like so made are punishable by fine or

imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
